## INDIANAPOLIS CONVENTION

President Pierce's Address Was Congratulatory, While L. H. Packard Showed Weak Secretaries.

INDIANAPOLIS, May 11.—About 700 delegates attended the second day's session of the International Young Men's Christian Association, when C. N. Pierce of Ohio, the new president of the association, made his first address, following it with the appointment of these committees:

Committee on Credentials—J. B. Griggs, Pittsburg, chairman; Noel H. Jackson, Portland, Oregon; Harry Curtis, St. Joseph, Mo.; E. H. Jones, New Albany, Ind.; W. H. Voorhees, Norfolk, Va.; J. M. Gorman, Cornell University, N. Y.; E. L. Hamilton, Cincinnati, Ohio.

On Devotional Meetings—J. J. McCoy, San Francisco, chairman; S. Farmer, Detroit, H. B. Soutter, Cedar Rapids, Iowa; R. A. Jordan, Bangor, Me.; W. P. Moore, Altoona, Pa.; L. A. Coulter, Charlotte, N. C.; W. E. Wayne, Dallas, Texas.

On Business—G. K. Shemfelt, Denver, La. S. Duggett, Cleveland, Ohio; W. B. McIndoe, Birmingham, Alabama; W. C. Nunnemaker, New Albany, Indiana; S. G. McConaughy, Duluth, Minnesota; W. A. Magee, Des Moines, Iowa; G. H. Warburton, New York.

On Association—C. White, Little Rock, Arkansas, chairman; H. Gill, Winnipeg, Manitoba; N. E. Marshall, University of Illinois; F. E. Smith, Topeka, Kansas; A. W. Kellogg, Milwaukee, Wis.; W. W. Pugh, Bloomington, Ill.; L. G. Worcester, Massachusetts.

On the Report of the International Committee—W. K. Jennings, Pittsburg, chairman; Seldon P. Spencer, St. Louis; E. A. Hackett, Fort Wayne; C. W. Charles, Cleveland; C. C. Curran, Montreal; C. M. Hobbs, Detroit.

On Resolutions—W. H. Morris, Baltimore, chairman; L. W. Morris, Chicago; D. F. Moore, Newark; Henry Wiebush, St. Louis; G. B. Grose, Ohio; C. H. Werrill, Philadelphia; A. S. Thomas, Charleston, S. C.

Discussing Secretaries' Work. The president's address was largely on the congratulatory order. L. H. Packard in a paper opened a general discussion on the duties of a general secretary. During the past two years 250 secretaries have dropped from the ranks, and this large loss was attributed to the lack of proper preparation before assuming the duties of the office. The schools at Springfield and Chicago were instructed to make reports through representatives. At the Springfield school are about sixty students. During the year over \$25,000 has been secured for the permanent property interests of the school. The expenses for the present year amounted to \$15,000. Thirty of the delegates to the present convention have been students at Springfield.

John W. Harnell of the Chicago training school reported a total attendance of fifty students at that institution. The slight expense is a feature of the school. R. H. McBurney, New York; T. S. McPherson, St. Louis; L. W. Meigs, Chicago; Dr. A. T. Halstead and O. C. Morse of Springfield, Massachusetts, were among speakers of the morning.

Some of the Papers. Under the head of state work of the association addresses were made by W. C. McCullough of Toronto, Robert A. Orr of Pittsburg, C. Schenck of Atlanta, and W. Woodie White of Atlanta. Seldon P. Spencer of St. Louis read a paper in the afternoon on "Co-operation." He dwelt upon the one thing needful to the success of the association—contributions.

Dr. J. H. McCurdy read a paper on the "Physical Departments." He applauded the recent action of the international committee in awarding medals and certificates. He suggested that field day features of the physical work at Atlanta, Georgia, be followed by Robert A. Orr, followed the address of Dr. McCurdy. L. D. Ward, ex-secretary of the association, ending the afternoon program with a paper on work among young men in non-Christian lands.

In the evening a reception was tendered the visiting delegates at the Y. M. C. A. hall. The committee on permanent organization is hearing arguments on the availability of various cities in which to hold the next convention.

ADVOCATE HOME RULE. Hibernians Will Work for the Measure North and South.

New York, May 11.—National Delegate John J. Patton of Boston presided at the third day's session of the annual convention of the Ancient Order of Hibernians in the city today. There was a large attendance. National delegate Patton then made an address which was warmly received and made his report to the committee. The report showed that the organization was flourishing all over the world, and that harmony and unity prevailed everywhere. This order, the report showed, was on a sound financial footing. In his address delegate Patton recommended that the convention take steps to further the cause of home rule, using every means in its power, financial and otherwise. It was denied today that the matter of the constitution of the A. O. H. and the American Board of Hibernians was being considered by the convention, or that the subject had ever been mentioned in the convention.

The principal business of the evening was the election of the national officers. The results of the balloting was the reelection of John J. Patton of Boston as national delegate, Richard McMillen of Jersey City national secretary. Hibernians were named pledging the moral and financial support of the Hibernians to the home rule cause, and then the convention adjourned.

TO FURNISH ELECTRICITY. Niagara Will Supply Heat, Light and Power to Toronto.

New York, May 11.—A syndicate was formed today with a capital of \$1,000,000 for the construction and equipment of a line between Niagara Falls and Albany, N. Y., for the transmission of electric power, generated by the Niagara Falls power company, with the waters of Niagara river passing through wheel pits in a tunnel which has just been completed. The tunnel is 3,000 feet in length and twenty feet in diameter. The Niagara Falls Power company has expended nearly \$3,000,000

in its development at the Falls and consumed nearly three years in the work. It now seeks a market for the electric energy thus generated. Through the medium of the transmitting company the cities and villages along its proposed line can be supplied with electricity for light, heat and power. Stations are to be erected to regulate the voltage.

DEMAND THOMAS' REMOVAL. The National Commission Want Him Out of the Fair.

CHICAGO, May 11.—The committee appointed by the national world's fair commission to investigate Theodore Thomas' administration of the music bureau of the fair recommends Mr. Thomas' dismissal. The report was made to the national commission at a late hour this evening, and was laid over for action until tomorrow. It is a lengthy document in which the testimony taken by the commission during the past week is reviewed. What action the national commission will take on the subject is problematical, though it is known that a number of members are hostile to Mr. Thomas. On the other hand, he has strong supporters in the local directory who will stand by him to the last, no matter what the action of the national commission may be.

TO OPEN SUNDAY. Two Schemes to Have the Fair Run All the Week.

CHICAGO, May 11.—Alexander H. Revell, Leman J. Gage, Edwin Walker, Ferdinand W. Peck and Henry B. Stone of the local world's fair directory held a protracted session today to promulgate a plan for Sunday opening to be submitted to the board of directors at the regular monthly meeting tomorrow. It was decided to recommend two propositions: One, that the World's Columbian Exposition be opened to the public on every Sunday from this date to October 31. Second, that the World's Columbian Exposition return to the United States the \$2,500,000 appropriated by congress, the government to become responsible for the payment of the juries of award appointed by the national commission.

CHINESE CANNOT LAND. A Shipload of them Refused Admission to the Country.

WASHINGTON, May 11.—Collector Lottan at Portland, Oregon, today telegraphed Secretary Carlisle that the Danube had boarded for China with 400 Chinese on board, who had been refused a landing in the United States. It is presumed that the Danube will carry the Chinese back to China, but they may be dropped off on British territory. The Danube is expected to arrive with 400 Chinese on board, and the utmost care in the examination of their papers has been enjoined by Secretary Carlisle upon the government officials at Portland.

Chinese Registration. WASHINGTON, May 11.—Reports from thirty of the sixty three internal revenue districts giving the number of Chinese who have registered have been received at the treasury department. The report shows that 3,043 Chinese have complied with this law. They include: Montana, 100; twenty-third Pennsylvania, 430; first Pennsylvania, 345; Kansas, 16; seventh Indiana, 15; seventh Kentucky, 6; first Ohio, 27; first Missouri, 320; tenth Ohio, 37; first Wisconsin, 11; first Michigan, 88.

BELLINGHAM, Mich., May 11.—Frank Ludington, the Petoskey patient who escaped from the Traverse City asylum last Monday, has been captured by Antrim county officers and is now in jail here. He was walking on the railroad track toward Petoskey. He called for something to eat at Mr. Osborn's house in Bellingham and told Mrs. Osborn that he was Jesus Christ praying to save souls.

Do Not Be Deceived. Persons with weak lungs—those who are constantly catching cold—should wear an Alcock's Porous Plaster over the chest, and another between the shoulder blades during cold weather. Remember they always strengthen and never weaken the parts to which they are applied. Do not be deceived by imagining any other plaster like them. They are not—may look it, but looks deceive. Insist always on having Alcock's, the only reliable plaster ever produced.
